RANGPUR COMMUNITY MEDICAL COLLEGE

For Health • For Education • For Community

Rangpur Health City – Home of
Rangpur Community Medical College & Hospital.

Affiliated with Rajshahi Medical University
• Recognized by BM&DC • English Medium MBBS

About Rangpur Community Medical College

Rangpur Community Medical College (RCMC) is a dynamic medical institution within the Rangpur Health City campus in northern Bangladesh. It is dedicated to producing competent, compassionate and community-oriented physicians who can serve both at home and abroad. The college offers an English-medium MBBS program affiliated with Rajshahi Medical University and recognized by the Bangladesh Medical & Dental Council.

Why Choose RCMC

- Located in a modern Health City campus with interconnected medical, dental, nursing and hospital facilities.
- Experienced and student-friendly faculty members committed to mentoring and guidance.
- Strong emphasis on clinical skills, communication, ethics and professionalism.
- Highly equipped Laboratories with adequate specimens
- Safe and supportive environment for both national and international students.
- Internationally recognized college and its MBBS Course

Campus & Student Life

The campus provides lecture theatres, tutorial rooms, a digital library, skills laboratory, student hostels, cafeteria and recreation spaces. Students benefit from structured academic support alongside cultural, sports and social activities that foster teamwork and leadership.

Mission & Vision

Mission:

To educate ethically-sound, clinically competent physicians and health professionals who actively respond to the health needs of communities, lead meaningful medical research, uphold social accountability, and engage in global health practice and collaboration to improve health outcomes across Bangladesh and beyond.

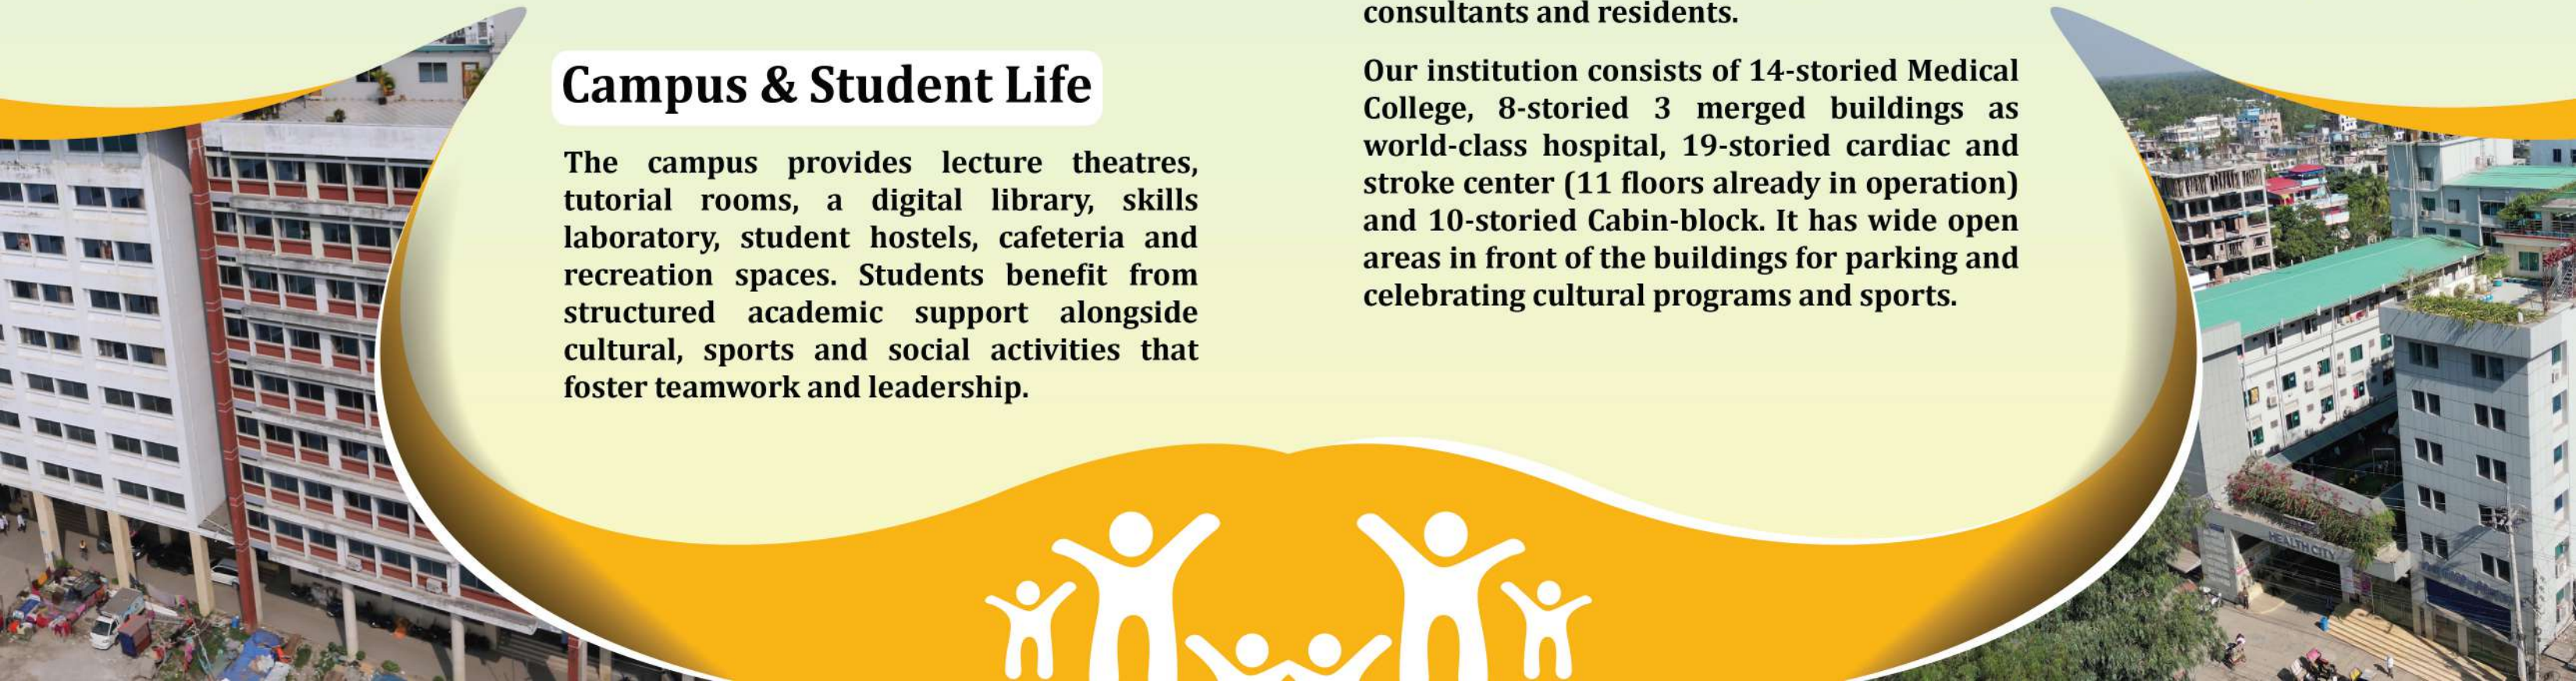

Vision:

To be recognized as a center of excellence for health education, service, and research, where graduates from any country become doctors in the truest sense — dedicated to community, innovation, equity, and global impact.

Rangpur Community Medical College Hospital

Our 750-bedded world class hospital (RCMCH) is the primary teaching hospital for RCMC students. Located within the same Health City, it offers 24-hour emergency care and a wide range of inpatient and outpatient services. Students gain early and progressive exposure to patients under close supervision by consultants and residents.

Our institution consists of 14-storied Medical College, 8-storied 3 merged buildings as world-class hospital, 19-storied cardiac and stroke center (11 floors already in operation) and 10-storied Cabin-block. It has wide open areas in front of the buildings for parking and celebrating cultural programs and sports.

Key Clinical Departments

- **Medicine & Allied** – internal medicine, cardiology, neurology, nephrology, dermatology & venereology.
- **Surgery & Allied** – general and laparoscopic surgery, orthopedics & trauma, urology, eye, ENT & head- neck.
- **Women & Children** – obstetrics & gynaecology, paediatrics and neonatal care.
- **Critical Care** – ICU, CCU, HDU, NICU, Heart Centre & Cath Lab and Post-Operative Care Units.
- **Diagnostics** – modern imaging, laboratory medicine and blood bank services.
- **Dialysis Unit** – dedicated to providing life-sustaining dialysis treatment for patients with acute or chronic kidney failure.

LABORATORIES & MUSEUM

We have well-furnished Biochemistry, Dental Chemistry, Anatomy with Histology, Pharmacology, Pathology & Microbiology, Conservative Dental and Dental Radiology, Dental Prosthodontics, Orthodontics, Oral Surgery, Anesthesiology lab & Physiology lab with all the required chemicals, instruments and facilities for practical work. There are 5 dissection tables in the dissection room in both colleges for dissecting purpose. Moreover, a well-arranged system exists for the maintenance of the dead body and viscera. A full-time taxidermist is engaged for the purpose of supervision and maintenance of the dead body under the curator.

Students' Welfare

- Several hostel accommodations with all the modern facilities for both male & female, local & foreign students
- Separately are available near the campus area or within college compound under direct the supervision
- ZERO-TOLERANCE to ragging and politics in our premises
- Following the Quality Assurance Scheme (QAS) for ensuring quality education
- Ensuring digitalization in education through RCDC online portal
- Making the progress reports of individual students and sending them to his/her parents
- Providing the modern library with e-library facilities and arrangement of scientific activities
- Mentorship system for students well being through IQAB (Institutional Quality Assurance Body)
- Compulsory study tour for refreshment and life time memories
- 24/7 CCTV Surveillance covers entire campus, office & hostels

Learning Resources & Library

RCMC's fully air-conditioned duplex central library and e-library provide access to more than 5000 up-to-date textbooks, reference materials and online journals. Spacious reading rooms and quiet study carrels create an ideal environment for self-directed learning and exam preparation. Our Library Accomodates upto 300 students at a time opens from 8:00 am to 8:00 pm. We have a decorated Medical Education Unit and Research Cell for research and publishing journals.

MBBS Program & Educational Approach

The MBBS program at RCMC follows the national curriculum over five academic years followed by a compulsory one-year internship. Teaching combines lectures, small-group discussions, problem-based learning, skills-lab practice and early clinical exposure. Continuous assessment and examinations ensure that graduates meet national standards and are well prepared for postgraduate training.

International & National Students

RCMC welcomes students from Bangladesh and many other countries, creating a multicultural learning environment. Dedicated staff guide international students with admission, visa support, hostel arrangements and adaptation to campus life.

Social Accountability & Community Engagement

Social accountability is central to RCMC's identity. Students participate in health-education campaigns, outreach clinics and national health days, building a lifelong commitment to serving communities and promoting equity in health.
